METROPOLITAN NASHVILLE PUBLIC SCHOOLS SUMMER READS FOR GRADES 5-8

REVISED 2013

Reading is meant to bring pleasure, to develop one's mind, to extend one's knowledge and understanding, and to develop one's appreciation of a global culture. These award winning titles were selected to offer opportunities for students to continue their reading throughout the summer.

This booklet was designed to provide a menu of books for middle school students. Books on many reading and interest levels, as well as, books that reflect our multi-cultural society, have been included. These titles are recommended by various award winning groups such as the Children's Book Council, Children's Choice Awards, Caldecott Awards, Newbery Awards, Notable Social Studies Trade Books, Outstanding Science Trade Books, Coretta Scott King Award, Robert F. Sibert Informational Book Medal, The Geisel Award, and The Pura Belpré Award, Author Honor Books, and Illustrator Honor Books. Individual schools may have their own reading lists which may be found on the individual school websites.

It is recommended that parents take an active interest in the selection of the books their child wants to read. Parents should encourage their child to read in depth not only authors or themes which are intriguing to them but to read a variety of texts from different social and cultural perspectives. Being involved in the book selection offers the parent an opportunity to assist his/her child in making appropriate selections and to share in the child's reading accomplishments.

"Books have made a difference for yesterday's readers who have become today's heroes. We must pass the legacy along by keeping literature alive. Who knows what tomorrow's heroes will have to be? Assuredly they will need personal strength, the conviction of ideals, and compassion-the common ground for literature."
